Color Orchids

About us

Color Orchids was started in 2011 with the mission of bringing new and innovative ideas to the horticulture industry. We are a family owned and operated indoor plant company that specializes in finished orchid concepts. Our product lines are sold as “concepts” and we constantly strive to develop new concepts to keep our customers as floral leaders. Our goal is ensure that each everyone who purchases one of our orchids has a positive experience so we can create an orchid enthusiast for life.

Our Vision

Create modern and innovative concepts

Explore new markets and ways of selling

Identify our customers and connect with them

Build a trusted brand by creating an exceptional experience for our customers and consumers

Grow superior quality plants consistently

Simplify plant care for consumers

Operate efficiently and effectively in every area of our business

Our Values

Ethics.

We believe ethics is the foundation for success and we must operate within boundaries

Partnerships.

We work to build strong, long-term partnerships

Ambition.

We look to surround ourselves with the most ambitious people and companies

Trust.

Trust is essential for lasting relationships. We trust those we work with and work to gain it in return

Loyalty.

We believe there is no substitute for loyalty and we highly value it in all our relationships

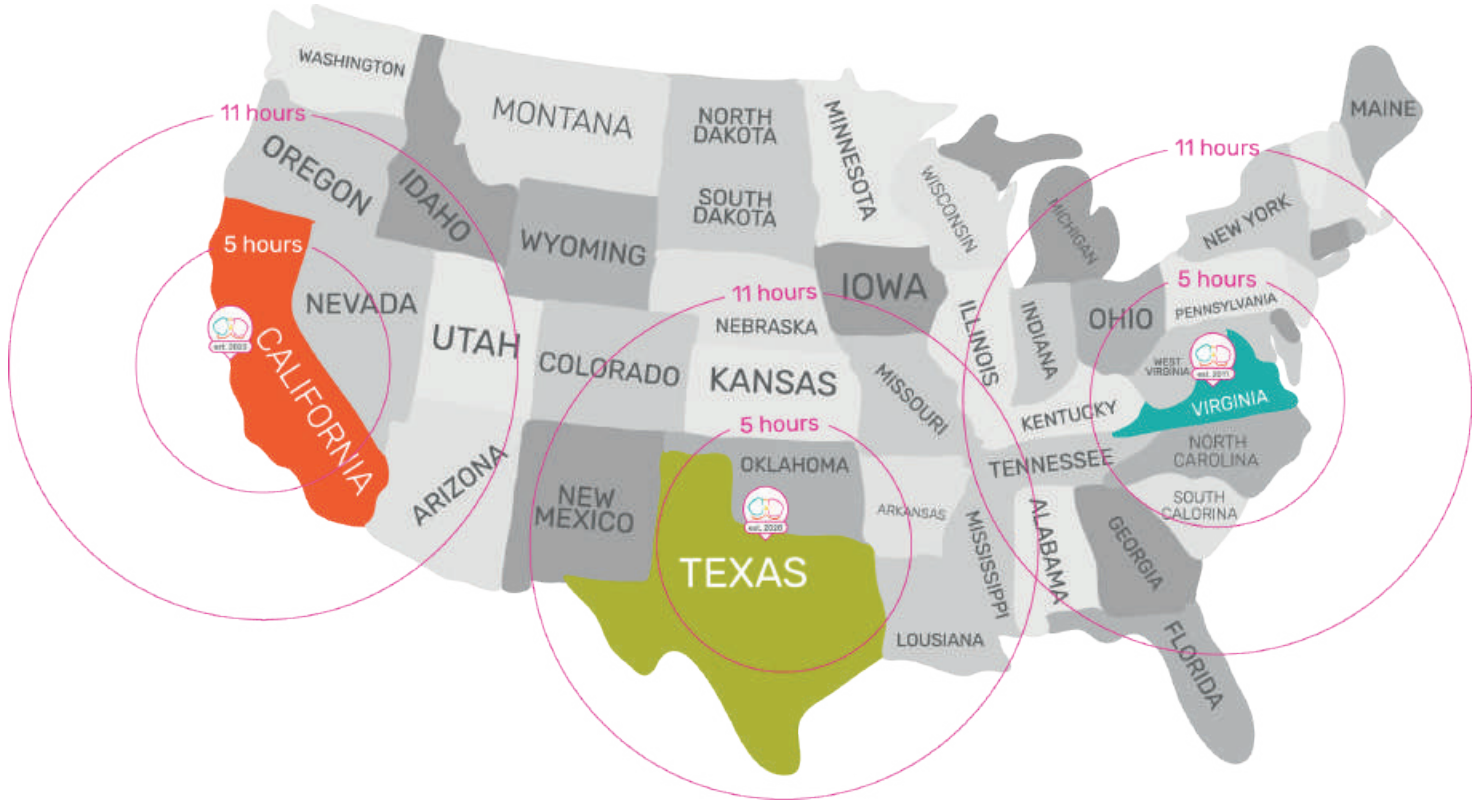

Organization.

We constantly strive to become more organized so we can be as efficient as possible

National brand Local supply

Color Orchids has three greenhouses across the United States to deliver fresh orchids daily, year-round.

 **Virginia**
22156 Maddens Tavern Rd,
Stevensburg, VA 22741

Started in 2011, our longest standing location constructed a new facility in 2023. Our Virginia greenhouse is our most technological-ly advanced location, allowing us to further improve the quality of our crop. Our Virginia greenhouse sits in the countryside of Culpeper County, located one hour southwest of Washington DC.

-  **160.000 square feet**
-  **1.500.000 orchids a year**
-  **4.000 orchids a day**

 **Texas**
1354 Grayson St,
Nocona, TX 76255

Our Texas operation was built and started in 2020 amid the Covid Pandemic. The original size of the operation was 1 acre, but 3 additional acres were added on one year after being in operation. Boasting 700 tons of mechanical air conditioning, Color Orchids grows quality orchids year round, despite outside temperatures exceeding 110 F. We are located in the small town of Nocona one and a half hours Northwest of the Dallas Fort Worth area.

-  **160.000 square feet**
-  **1.500.000 orchids a year**
-  **4.000 orchids a day**

 **California**
25425 Esperanza Rd,
Salinas, CA 93908

Completed in 2023, our California operation in the Salinas Valley represents our latest expansion and our most westward location. Salinas offers ideal growing conditions and allows us to service the West Coast with quality orchids on a year round basis.

-  **50.000 square feet**
-  **250.000 orchids a year**
-  **680 orchids a day**

Belita

Belita

Our Little beauty captures all the traditional aspects of a Phalaenopsis in a compact size. Its abundance of colorful flowers, small footprint, and high demand make it a perfect retail item.

The Belita's popularity as high value but affordable orchid makes it a necessary addition to any orchid display.

Grande

Grande

Carefully selected from Asian varieties, the Grande truly lives up to its name with a waterfall of large flowers. Our team hand crafts a special effect to our Grande by training the stem into an elegant shape months before the orchid is ready to ship.

The Grande stands boldly apart from other Phalaenopsis concepts as an elegant and luxurious option.
